Two Piece Boxes

- 1. Lay the box base flat with short end facing you.
- 2. Prepare the short side by first folding the small wing tabs 90 degrees down.
- 3 Fold the scored edge 90 degrees down.
- 4. Using your index fingers and thumbs, fold-up one end of the long sides simultaneous with the prepared short side.
- 5. Tuck short edge down until the small wing tabs sit in place.
