

Metallic Box Toppers

1. Assemble and fill your box

For size 1 (MT1G, MT1S, MT1MB, MT1R), use boxes up to 2" in size
For size 2 (MT2G, MT2S, MT2MB, MT2R), use boxes up to 3" in size
For size 3 (MT3G, MT3S, MT3MB, MT3R), use boxes up to 4" in size
For size 4 (MT4G, MT4S, MT4MB, MT4R), use boxes up to 6" in size

2. Remove the protective strip from the reusable adhesive on the back of the topper

3. Place the top edge of your box on the center of adhesive

4. Fold over each side of the topper along the top edge of the box, overlapping the ends where they meet

5. Tie remaining material with ribbon, string, pre-tied bow, etc.

The topper will create a plume similar to tissue paper sticking out of a box

Optional: for a firecracker look, place a topper on each end of the box
